

Minimax Global Solutions is now offering Customer Portal Access

Minimax Global Solutions in partner with Rose Rocket our Transportation Management System, now offers a customer portal. Customer portals are your gateway to physically controlling and monitoring your shipment from creation to invoice.

Benefits of the Portal

- Request quick quotes (city to city)
- Request extensive quotes (Customer to customer) with multiple modes of transportation
- Book pickups
- Live track and trace
- Document upload and download
- Live Chat with a CSR representative
- A customer database with all your customers information saved
- Invoice download
- Invoice payment status
- Claim request
- And so much more

If you are interested in signing up for access to the customer portal please fill out the form below.
